Ruth Simpson (Deputy Director of East Manchester Teaching School Hub)

EARLY CAREER TEACHERS**January 2022 Starters****Welcome to the FINAL term of the ECF programme!**

This term you will focus on Module Nine 'Fulfilling Professional Responsibilities' of the ECF Programme.

Please note that the resources for this module appear under 'Summer Two' as UCL Extend is designed for standard September start ECTs.

Week One (Week commencing Monday 30th October 2023)

Focus for this week: Managing professional development

There is no self-directed study this week.

There is a mentor session this week which should be accessed through your mentor's account.

If possible, you should carry out one of two school visits this week and record this on UCL Extend [here](#). **If you are completing this visit at a later point, come back to Week One to complete the relevant form.**

School Visits: What do I do?

In Module Nine, you are expected to conduct **two school visits**. This can be to a different school or to a different phase/department in your own setting. The purpose of this is to look at practice different from your own and perhaps take something back into your own classroom. During the visit, you could **shadow a pupil for the day, shadow a member of staff, or go on a learning walk**. You should consider one or more aspects of the ECF. Think about what would help you to move your own practice forward! You need to arrange both visits in collaboration with your school. **Speak to your mentor or Induction Tutor if you are unsure what to do.**

Week Two (Week commencing Monday 6th November 2023)

Focus for this week: Managing effective working relationships

There is no self-directed study this week.

There is a mentor session this week which should be accessed through your mentor's account.

Please remember to complete the Module Eight End of Module Completion Form [here](#).

Note: Please see page 11 for further advice and guidance about how to engage with this programme flexibly to meet with your professional needs.

The Early Career Framework: A Flexible Approach!

Teaching is a wonderful career: meaningful, engaging, and exciting! But it is also complex, busy, and demanding. The demands on all teachers - especially ECTs who are still adjusting to life as a full-time classroom teacher - are significant, and, as an ECF Delivery Partner we do not underestimate this. We understand fully that balancing the demands of your job with completing the ECF programme can be incredibly challenging, and feel overwhelming at times.

However, we believe in the framework's ability to help and support your continued development as a teacher: it will provide ideas, insights, and guidance that will begin to underpin your day-to-day teaching practice; it will build a solid foundation on which you will continue to grow as a teacher; and, most importantly, it will prepare you to have a lasting impact on the pupils in your classroom. It is vital, therefore to remember that, as teachers, we are always learning!

So, how can you ensure that you can engage fully and productively with the programme in the midst of your busy teaching schedule?

Whilst it's fundamental to remember that **ALL** aspects of the Early Career Framework must be covered during your induction, the UCL programme is designed to be flexible. UCL recommend the following to support a more flexible approach:

What happens if an ECT is struggling to keep up with the programme?

We recognise that sometimes - with the agreement of their headteacher, Induction Tutor and Delivery Partner - an ECT will need a more flexible approach. This may be because they have had a period of enforced absence, or they have been advised by their Appropriate Body to reduce the amount of time they spend on the ECF. Our flexible programme comprises the Reduced Modules Summary Guides for modules 1-5 and recordings of all training events in Year 1. You can find these in the Welcome section of each module (1 -5). We remind you that Year 1 is when ECTs are expected to address all of the ECF statements.

How can we ensure that the programme does not add to ECTs' workload?

We give participants a choice about how they access materials. You may choose to study them online or download a copy. It is also possible to listen to our research and practice summaries rather than read them. There are no assessments or quizzes at the end of self-study sessions, and we encourage participants to tailor the session according to their needs by spending longer on the activities that are more relevant to them and quickly reviewing the ones that are less so. It is as simple as Review/ Tailor/ Tick! You should never go over the hour allocated. This is a busy professional development programme and mentors, and Induction Tutors should monitor their ECTs' engagement to ensure they are keeping up with it, without allowing it to become overly burdensome.

Do ECTs have to complete all the activities in the programme? What if they feel that some are not appropriate for them or they have done them before in their ITE year?

It is a statutory requirement that all ECTs engage in a 2-year programme of professional development based on the Early Career Framework. Therefore, it is important that all participants complete all the activities and engage in all training sessions. The ECF Programme is a generic programme and ECTs should expect to revisit research from their ITE year; however, their focus should be on how they can apply it discerningly to their classrooms, and this certainly will be a new challenge. The Teaching Standards are something that all teachers are expected come back to throughout their career, improving their mastery of them each time. Nevertheless, we do recognise that ECTs on our programme come from different ITE routes, work in a range of contexts and have different strengths and weaknesses. Therefore, we have built flexibility into our programme to make sure participants can tailor each activity to their needs. These are outlined in our Wellbeing Charter where we make 10 pledges to all our participants

How can we control the workload of the mentors?

We have prepared all the mentoring resources, so the mentor does not have to. Reading or listening to the research and practice summaries (about 10 minutes long) and scanning the activities will usually be enough to prepare them for their mentor meeting. Time is built in each half term to the mentor's self-directed study for them to read ahead in the module and identify those areas they, or their ECT, are likely to need to focus more attention on. Induction Tutors should ensure that high-quality mentoring based on the ECF is taking place, and that mentors are themselves engaging in their own professional development.

If you would like more information about how to use the programme flexibly, you can access UCL's [Wellbeing Charter](#), and refer to their [Frequently Asked Questions](#) page for more information.

Access to UCL Extend

At the start of a busy year, it can take some time for access to UCL Extend to come through as UCL are trying to onboard over 20,000 participants! Thank you for patience!

If you're still struggling to access the platform, please check the following:

- 1) Your Induction Tutor has registered you on the DfE Portal with the correct email address.
- 2) You have validated your Teacher Reference Number (TRN) when asked to via email by the DfE.

Otherwise, you can access the materials for **Year One, Module One, and Year Two Module Six** on our website [here](#). If you are a non-standard ECT or mentor and need access to a different module, get in touch with us and we will send you the relevant materials. Once you have access, please go back through the module and **mark the relevant tasks as 'done'**.

If you previously had a UCL Extend login, please note that the platform has now been upgraded so a previously bookmarked link will no longer work. Please login to UCL Extend again using the link [here](#). If you need to reset your password, you can do so using the link [here](#) and following the steps below:

1. Ensure on the login page you go to "Already have an account".
2. Username: email address you were registered with on the DfE portal.
3. Password: you should have received this in an autogenerated email from UCL Extend.
4. If you cannot locate this, do a password reset and repeat steps one and two.
5. If you still cannot access the platform, please email a screenshot to the UCL team at ecf.nro@ucl.ac.uk.
6. If you cannot see learning materials on UCL Extend after logging in, please accept the 'Programme Commencement Agreement' at the bottom of the page and your access will be restored.

Support for Teachers on Parental Leave (or planning for parental leave)!

Teachers on parental leave looking for a little structure, motivation and a supportive community can join the Autumn cohort of [The MTPT Project's Parental Leave group coaching programme](#) this September!

In three monthly sessions, we'll explore the key themes of identity and change, and set powerful goals so that you can do parental leave your way.

Teachers and leaders in Oldham and Tameside can benefit from a fully funded place using the code **EMTSH23**, thanks to East Manchester TSH!
