Following a series of successful Induction Tutor training events over the last year, our annual event of the 2024/2025 academic year will take place on **Tuesday 17th September 2024**.

This training is for ALL Induction Leads and Induction Tutors.

If you are an Induction Lead or Induction Tutor, you must attend the training session with us in accordance with your school's AB agreement.

By attending our training, we can ensure that you know your roles and responsibilities under statutory guidance and share practical solutions, best practices, processes, and procedures to help you support your school in providing all statutory entitlements for your ECTs.

Both new and experienced tutors have received the face-to-face training we provided last year, so we know you will find this informative and beneficial!

All Induction Leads and Induction Tutors must attend this training. We will inform you when this event is available to book.
